AIIMS Jodhpur

Welcome

Dear Colleagues,

In today's scenario of the global pandemic of COVID-19, the need of an efficient and effective public health system has grown tremendously. The primary focus of reducing and containing infection while gearing up for a strong unified response can be achieved by a multisectoral approach by strengthening the public health workforce of the country.

School of Public Health at AIIMS Jodhpur is contributing in developing future leaders of public health, by providing the professionals the critical multidisciplinary training to tackle various public health issues and achieve leadership positions. It provides a platform to public health enthusiasts to apply public health concepts, principles and methodologies obtained through course work to actual health problems in the community or work environment.

The workforce thus generated would help strengthening the public health infrastructure of our country and will strive to improve health of people regionally, nationally and globally.

About SPH-AIIMS Jodhpur

The aim of this program is to develop best quality public health professionals to deliver outstanding health care to all through evidence based public health practice. The students from diverse disciplinary and professional backgrounds at SPH-AIIMS Jodhpur are imparted training by using different pedagogical methods which includes problem-solving exercises, field based training including observerships and internships in organizations working in field of Public Health, case studies, and other interactive methods.

Along with the regular classroom, field teachings, practical and training at SPH, AIIMS Jodhpur students participate in the online modules by the renowned Public Health Universities across globe which includes Case Studies, Webinars, Problem Based Learnings, Outbreak Investigations, etc.

The Students of the previous batches were posted as a part of their training in COVID duties, vaccination drives, numerous research projects related to covid care of patients to huge success. Outside the institute, the students are engaged in observerships in organizations such as HelpAge India, Regional Geriatric Centre, NHSRC (New Delhi), Department of Sociology (JNVU), Social Justice and Empowerment Dept. (Govt. of Rajasthan), CMHO office etc.

Apart from this previous batch students procured internships/ Observership at institutes of national importance such as NIHF – New Delhi, NHM – Rajasthan, NHSRC – New Delhi, Care India, Help Age International, Engender Health, Kalam Institute of Health Technology – Vishakhapatnam, Regional Medicine Research Centre (RMRC) – Bhubaneshwar etc. to gain an understanding of the policy process; to refine the knowledge of the principles of health equity across all genders and age groups; for an insight to the process of health technology assessment; and to have an experience of a core institute dedicated to research process.

Students of earlier batch have been offered placements in different reputed governmental & non- governmental agencies such as DMRC, INCELN, National Institute of Tuberculosis and Respiratory Diseases, Care India, RMRC, PGIMER etc.

School of Public Health has also started a 6-month Executive Program in Public Health policy, Leadership and Management with the view of engaging and building the capacity of mid-career and senior level working professionals. The program provides a unique opportunity for in-service candidates to develop an understanding of policymaking process, functioning of different sectors and stakeholders in the policy process and acquire knowledge for effectively managing health programs and projects. In the first batch of the course, renowned facilitators and participants across various health sectors of the country have shown enthusiastic response and participation.
